Dr Toews

Co-Mone Post Office

Georgian Bay Ont.

Dear Dr Toews:

I very much regret to learn from your letter, which I have just received, that the doctor has advised you to ask for leave of absence on account of the condition of your health. I am sure that the Governors will grant you leave when I lay your request before them next week. Meantime Professor Needler and I are endeavouring to make arrangements so that we may fill your position during next Winter.

I am sorry that you are visited by this affliction and hope that the rest will restore you to your former health and strength. You have my sympathy in your enforced idleness.

With kind regards, I am

Yours sincerely,

President.

Dr. E. Toews,

Meran, Tyrol, Austria. -

Dear Dr. Toews:

I was glad yesterday to get a letter from you telling of your progress and expressing the hope that you will be able to resume duties at the University at the opening of next session. I am glad to know that you have recovered so well, and hope that your recovery will become more and more marked as the time goes on.

We have nearly got through the session, and examinations will soon be upon us. Fortunately in the Department of German we have been able to secure two good men to do temporary work this winter, Dr. Kartzke, a teacher from Berlin, and Mr. Tapper, a German who has been doing work in the United States. We have also appointed an Associate Professor in German, who will fill the vacancy caused by the retirement of Dr. Van der Strissen. His name is Dr. Ernst Stadler, University of Berlin, now Professor of German in the Universite libre, Brussels. He is very highly spoken of and we are looking forward to his coming with much anticipation.

Will you kindly give my kind regards to Mrs. Toews?

Yours sincerely,

President.
